Express PC Solutions Opens 2nd Store in Suffolk

Express PC Solutions, Suffolk's largest and oldest computer store and repair center, has opened their second location at 914 N. Main Street in the Suffolk Plaza Shopping Center. Mayor Linda T. Johnson will host a ribbon cutting ceremony on Tuesday, May 18, 2010 at 4:00 p.m. to celebrate the opening.

Express PC Solutions specializes in computer sales, service and software upgrades. Other services include installation of virus software, spyware removal and general repairs. The original store, located at 2108 Holland Road, opened for business in 1997.

"Thirteen years ago, we ran the store out of a 10' by 10' room," said Will Wade, Manager of Express PC Solutions. "Today, thanks to the support of the people of Suffolk and the surrounding areas, we now have over 3,000 square-feet of space between our two locations, and have created four new jobs. We're greatly appreciative of everyone in the community, and we look forward to what the next thirteen years will bring us in Suffolk."

"A great sign of a successful business is expansion and it is great to see another quality business like Express PC Solutions expand and grow in Suffolk" commented Mayor Linda T. Johnson. "With their excellent reputation and loyal customer base I know this second location will be a welcomed addition to the City."

Express PC Solutions hours are Monday – Friday 10:00 a.m. – 8:00 p.m. and Saturday & Sunday from 12:00 p.m. – 4:00 p.m. For further information call 757.539.5377 or visit their website at www.express-pc.com.
