**POSSIBLE TRAFFIC DELAY – SUPER LOAD MOVE TONIGHT**

SUFFOLK, Virginia (July 29, 2010) If you are traveling in the area of Obici Industrial Park in Suffolk late this evening, the Department of Public Works would like to make you aware of a super load move, scheduled at 10:00 p.m., that could possibly cause a delay in traffic. A fiberglass yacht plug measuring over 17 feet wide and 94 feet long will be departing from 1013 Obici Industrial Boulevard.

From that location, the route of travel will be a right turn onto Route 13 South (Carolina Road), and then exit to 13/32 Bypass, finally exiting onto U.S. 58 West to Southampton County.

Due to the extreme width of the load, please expect traffic delays. For additional information, please contact Susan Griffin, Public Works Operations, at 514-7607.
